

Information for your OLA (Online Learning Agreement - Erasmus+ application)

// DHBW Mosbach / International Office

Thank you for applying for the International Program in Business (IPB) at the DHBW Mosbach (Campus Bad Mergentheim).

Within the framework of the Erasmus+ program, the European Commission developed a platform that allows students and universities to handle Learning Agreements online (Online Learning Agreement = OLA). So far this platform is designed for the exchanges between Erasmus universities only.

Via the platform you can fill in your Learning Agreement and implement necessary changes to it online. You can also download the Erasmus+ app and complete the registration and work on your Learning Agreement via the app. Once you are registered, you will have the same login details (user name and password) in both the app and the portal.

Here is the [portal learning-agreement.eu](https://portal.learning-agreement.eu)

Here is the [Erasmus+ app](#)

- Online Learning Agreement process

- 1) Register your details either in the app or at learning-agreement.eu
- 2) Fill in and sign your OLA online (please see "Receiving institution info" below with the data to be used)
- 3) Your signed OLA will be sent to the responsible coordinator at your home university. The coordinator can decline it – if certain changes are needed – or directly confirm and sign it.
- 4) Finally, your OLA will be sent to the Department Coordinator at your host university. The coordinator can also either decline it, because changes must be made, or directly confirm the course selection.
- 5) If necessary, you can download and print your Learning Agreement from the system at most stages of the process. Usually, you just print the document when it is completed and signed in order to complete your Erasmus files.

If you have any questions, please do not hesitate to contact us at international@mosbach.dhbw.de

Please use the following information for DHBW Mosbach as your host university to complete your Online Learning Agreement.

- Receiving institution info

Receiving institution info
